

The PROFILE collection by Woodzco offers a refined architectural solution that combines clean linear design with the warmth of natural wood. Designed to enhance interior spaces through rhythm, depth, and texture, PROFILE coverings deliver aesthetic impact. The collection allows for design flexibility while meeting the technical requirements of contemporary architectural projects.

With more than seven (7) possible configurations and three (3) standard solid wood species available in 8-foot length, this collection, with its engineered composition and clean lines, brings depth, rhythm, and elegance to interior spaces.

Manufactured in Canada to the highest industry standards, with a strong commitment to acoustic performance and tailor-made solutions.
