Woodzco

The Wood Components collection by Woodzco offers a versatile range of solid wood elements designed to complement architectural and acoustic applications. Manufactured with precision and attention to detail, these components provide both structural integrity and aesthetic consistency across projects.

With more than ten (10) possible configurations and six (6) standard solid wood species available in 8-, 9- and 10-foot length, this collection allows seamless integration into custom architectural designs while maintaining the highest standards of quality and craftsmanship.

Manufactured in Canada to the highest industry standards, with a strong commitment to acoustic performance and tailor-made solutions.

Key features

» Quick and easy-to-install rigid decorative architectural wood moldings

» Designed for interior installation on walls, ceilings and custom-made furniture

» Six standard solid wood species

» Ten patterns to choose from that can be used with other Woodzco collections

CAN/ULC S102 **FSI < 150** **SDI < 450**
ASTM E-84 **CLASS C**

Specifications

SOLID WOOD SPECIES	Standard solid wood: Aspen (flat cut), Birch (flat cut), White Ash (flat cut), Maple (flat cut), White Oak (rift cut) and Walnut (flat cut)
MOLDING SIZES	· Standard 8-foot length molding : 3/4" x 95" (19 mm x 2 413 mm) & 1" x 95" (25 mm x 2 413 mm) · Standard 9-foot length molding: 3/4" x 107" (19 mm x 2 718 mm) & 1" x 107" (25 mm x 2 718 mm) · Standard 10-foot length molding : 3/4" x 119" (19 mm x 3 023 mm) & 1" x 119" (25 mm x 3 023 mm)
WOOD MOLDINGS	· Various standard sizes available (refer to the configuration chart) · Available with premium matte oil finish, clear or colored and/or clear satin varnish
CUSTOMIZATION	*Custom options available (minimum order of 400 sq.ft.)

Technical data

FIRE PERFORMANCE	· CAN/ULC S102 (FSI < 150; SDI < 450). Also available: FSI<25, some conditions apply* · ASTM E-84 (Class C)
ENVIRONMENT	· LEED v5 · FSC certification available · No Added Formaldehyde (NAF) product available
USE	For interior uses only
SHIPPING	Woodzco products are carefully packaged at the factory and shipped in bulk on wooden pallets
SITE CONDITIONS	· Wood products are naturally hygroscopic and must be stored flat, installed, and maintained in a controlled indoor environment · Temperature: maintain between 50 °F and 86 °F (10 °C and 30 °C) · Relative humidity: maintain between a minimum of 25 % and a maximum of 55 % (with no more than 20 % difference between maximum and minimum) Failure to comply with one or more of these on-site conditions will void Woodzco's limited warranty
WARRANTY	Three (3) year warranty on all Woodzco products. Please refer to Woodzco's limited warranty on our website for full details
